VOLUME 43

NUMBER 10

IGRSD2

(ISSN 0196-2892)

Demonstration of ocean current measurements from space by along-track InSAR with data from the Shuttle Radar Topography Mission.

(Top left) Amplitude and (top right) phase images of the Dutch Wadden Sea. (Bottom left) Line-of-sight current field derived from these data and (bottom right) corresponding reference current field from a circulation model.
